ARTICLE IV: HOURS AND WAGES

4.01 Workweek

The normal workweek shall be consistent with the employee's FTE status as defined in Section 1.09 of this Agreement ~~of forty (40) hours~~, exclusive of meal periods. Nothing in this Agreement, however, shall be construed as a guarantee by the Hospital of hours worked for any period. Employees shall report properly dressed and ready for work at their job location and quit work at their job location at the time designated by the Hospital at the beginning and end of their workday, unless otherwise expressly directed by the Hospital. There shall be at least one thirty (30) minute unpaid meal period in any workday equal to or greater than four (4) paid hours; this meal period shall not be counted as time worked. No change in the workweek or work schedule of more than twenty-five (25) percent of the employees in any classification shall be made without obtaining the views of the Union thereon. **[Parties in Agreement as of 5/23/22]**

Absent unusual circumstances, the employer shall have the right, upon at least thirty (30) days written notice to the Union, and after offering to the Union the opportunity to meet on this subject, to change the workday and workweek accordingly.

Work schedules shall be posted and made available at least two (2) weeks in advance provided, however, work schedules may be exclusively posted electronically if computers are readily accessible. The Hospital shall provide the Union with a list of departments where work schedules are posted exclusively electronically. Overtime will be assigned in accordance with section 4.05 only after posting of the schedule. Any change in such schedules will require the Hospital to provide as much advance notice to the affected employees as may be practicable.

4.02 Weekends

(a) Excluding those employees who are scheduled to work solely on weekends, when circumstances permit, and when patient care will not be adversely affected, the Hospital will make every reasonable effort to avoid scheduling employees to work on consecutive weekends. For purposes of determining whether an employee has been off for a "weekend," it shall be defined as "Friday and Saturday," "Saturday and Sunday," or "Sunday and Monday."

(b) The parties agree to create a joint Weekend Scheduling Advisory Committee to discuss and develop mutually agreeable solutions to issues and concerns related to weekend scheduling. The Committee will meet monthly and will be composed of three (3) union representatives and three (3) Hospital representatives.

(c) Excluding those employees who are scheduled to work solely on weekends, the Hospital will make every reasonable effort to avoid scheduling employees with thirty (30) or more years of seniority to work more than one (1) weekend per month; provided, however, in a department/unit where scheduling employees with thirty (30) or more years of seniority makes staffing unworkable (e.g., three (3) out of four (4) staff members in any job classification has thirty (30) or more years of seniority), the parties and the staff in the department/unit will reasonably cooperate in scheduling weekend work to ensure department needs are met. For purposes of

determining whether an employee has been off for a "weekend," it shall be defined as "Friday and Saturday," "Saturday and Sunday," or "Sunday and Monday."

4.03 Rest Period

Each employee shall be entitled to two fifteen (15) minute rest periods during the regularly scheduled eight (8) hour shift (one such break if scheduled for less than eight (8) hours). The Hospital shall have the sole right in its discretion to schedule rest periods, including the right to schedule one such break contiguous to a thirty (30) minute meal period. An employee shall be paid (at his regular rate) for missed rest periods only when a rest period cannot be given to an employee because it would interfere with optimum patient care or efficient hospital operations. Rest periods may not be aggregated or accumulated, even if missed.

4.04 Wages

(d) If, during the term of this Agreement, the Hospital hires an external applicant at a higher rate of pay than incumbent employees in the same classification, where qualifications and experience (as expressed on the employee's application at the time of hire) are at least equal, incumbent bargaining unit members shall receive an increase in pay equal to the rate paid to the newly hired employee. If the Union believes that the Hospital has violated the requirement in the previous sentence, the Union will notify the Hospital's designated Human Resources representative. The Hospital will review same and provide its response. If the Union disagrees with the Hospital's response, rather than being subject to the Grievance and Arbitration procedure of Article XII, the dispute will be submitted to mediation before Arbitrator **Roger P. Kaplan**~~Kurt~~

Saunders. The Hospital will consider in good faith any resolution recommended by Mr. KaplanSaunders. [Parties in agreement as on 5/23/22]

(e) Independent of the process set forth in 4.04(d), within thirty (30) days after the effective date of this Agreement, the Hospital will perform an internal equity review of PCTs which will take into account the PCTs' relevant experience. The Hospital will implement any changes as a result of the internal equity analysis no later than the first full pay period after the thirty (30) days following the effective date of this Agreement.

4.05 Overtime

Time and one-half (1.5 or 1 ½) the regular rate shall be paid for all hours actually worked in excess of forty (40) hours in a workweek. Hours for which compensation is paid under any provision of this Agreement, but which are not worked, shall not be counted in determining eligibility for overtime. All employees may be required to work overtime; however, the Hospital will make reasonable efforts to accommodate the preferences of employees, and to assign overtime on an equitable basis, subject to the requirements of optimum patient care and, where feasible, the Hospital will provide at least one (1) hours' notice of mandatory overtime. In order to accommodate employee preferences, the Hospital shall request employees to volunteer for overtime assignments. In the event more than one qualified employee in a unit volunteers, then the assignment shall be made on the basis of seniority. In the event there is no volunteer in a unit, the Hospital shall make the assignment in accordance with the following procedure:

(a) An inverse seniority roster shall be maintained and posted on each unit at the main Hospital facility at 111 Michigan Avenue N.W. and at each offsite facility.

(b) Assignment of mandatory overtime in a unit shall be made in order from the roster; provided, however, that an employee may be excused by the Hospital for compelling personal reasons. Assignment of mandatory overtime at facilities other than 111 Michigan Avenue, N.W. shall be made by inverse seniority within job classification within the facility.

(c) After an employee has worked an assignment from the roster, his name shall be moved to the bottom of the roster. Failure or refusal of an employee to work overtime when assigned by the Hospital shall subject the employee to discipline.

(d) In the event that an employee has requested and has had approved in advance a day off and the Hospital has mandatory overtime during the same workweek, the Hospital shall not require the employee to work over his regularly scheduled hours, to the extent feasible. The Hospital agrees, to the extent feasible, not to require the employees to work seven consecutive days.

4.06 Shift Differential

(a) An employee shall receive a shift differential on hours worked as follows:

(1) 10% of the employee's regular rate on hours worked on the following shifts:

- (i) Evening shift, Monday through Friday, provided that at least three hours of the shift must be worked between 3:00 p.m. and 11:30 p.m.;
 - (ii) Night shift, Monday through Friday, provided that at least three hours of the shift must be worked between 11:00 p.m. and 7:30 a.m.;
 - (iii) Weekend day shift, Saturday and Sunday, provided at least three hours of the shift must be worked between 7:00 a.m. and 3:30 p.m.
- (2) 15% of the employee's regular rate on hours worked on the following shifts:
- (i) Weekend evening shift, Saturday and Sunday, provided at least three hours of the shift must be worked between 3:00 p.m. and 11:30 p.m.
 - (ii) Weekend night shift, Saturday and Sunday, provided at least three hours of the shift must be worked between 11:00 p.m. and 7:30 a.m.
- (b) Shift differential rates do not apply to on-call or stand-by hours or paid time off.

4.07 On-Call Pay

Any employee who is formally scheduled to be "on call" between regularly assigned shifts shall be paid a minimum of 25% of their regular rate for scheduled "on call" hours.

4.08 Call Back Pay

Any employee who has finished his regular shift, and has departed the Hospital's premises, who is called back to work before his next regularly scheduled shift, other than an employee in standby or "on call" status, shall be paid for at least four (4) hours, whether worked or not.

4.09 Pay Practices

The Hospital agrees to continue the present biweekly pay system, and will pay employees by direct deposit or by debit card. Employees who are paid by debit card shall not incur a fee for the initial withdrawal of funds each pay period from the financial institution that issued the debit card, either at a branch or through the use of an ATM of the issuing financial institution. When there is a mistake in a direct deposit/debit card payment that results in an underpayment, the Hospital shall correct it as promptly as possible consistent with operating requirements and procedures, and the Hospital may make such corrected payment by paper check.

4.10 Severance Pay

(a) In the event an employee with more than twelve (12) months' Hospital seniority is terminated for any reason, other than as a result of discipline for just cause, a voluntary resignation, a reduction in force, or retirement, he shall be entitled to thirty (30) days' notice or in lieu thereof two (2) weeks' pay at his regular rate.

(b) In the event an employee is terminated as a result of a reduction in force, he shall be entitled to severance benefits as follows:

- (i) Part-time eligible employees with less than two years of service: 40 hours at the employee's regular rate;
- (ii) Part-time eligible employees with two or more but less than five years of service: 120 hours at the employee's regular rate;
- (iii) Part-time eligible employees with five or more years of service: 160 hours at the employee's regular rate;
- (iv) Permanent full-time employees with less than two years of service: 80 hours at the employee's regular rate;
- (v) Permanent full-time employees with two or more but less than five years of service: 160 hours at the employee's regular rate;
- (vi) Permanent full-time employees with five or more but less than 10 years of service: 200 hours at the employee's regular rate;
- (vii) Permanent full-time employees with 10 or more but less than 20 years of service: 280 hours at the employee's regular rate;
- (viii) Permanent full-time employees with 20 or more years of service: 320 hours at the employee's regular rate.

These severance benefits are calculated using the employee's regular rate, which do not include any differentials, overtime, on-call, or other premium pay the employee would have typically received if working the employee's regularly scheduled shifts.

4.11 Pyramiding

There shall be no duplication or pyramiding in the computation or payment of over time or other forms of premiums, and nothing in this Agreement shall be construed to require payment of overtime or other premium pay more than once for hours worked. If more than one provision of this Agreement shall be applicable to any time worked by an employee, he shall be paid for such time according to the highest applicable rate specified in any such provision, but he shall not be entitled to additional pay for such time under any other provision.

4.12 Rate of Pay for Hours Not Worked

Any payment to an employee for hours not worked, other than stand-by or "on call" pay, shall be computed and paid at the employee's regular rate as defined in section 4.10.

4.13 Clinical Advancement Process for Transport Team Paramedics, Surgical Technologists and Anesthesia Technicians

Subject to the provisions of this Section 4.13, Transport Team Paramedics, Surgical Technologists and Anesthesia Technicians who successfully complete the requirements for advancement through a clinical advancement process developed by the Hospital will receive bonuses, less applicable deductions and withholdings, in accordance with the following schedule:

Title	Level I	Level II	Level III
Surgical Technologist	\$1,000	\$2,000	\$4,000
Anesthesia Technician II	\$500	\$1,000	\$2,000
Transport Team Paramedic	N/A	\$2,000	\$3,000

The Hospital will provide notice to the Union and obtain its input prior to implementation of the clinical advancement process and any subsequent changes.

Employees will be paid the bonus upon meeting the Level requirements and every year the employee maintains the requirements for the Level.

The Hospital retains the right, consistent with the provisions of this Agreement, to determine levels of staffing and the number of employees at each level within a job classification.

The provisions of this Section will expire with this Agreement and may be extended beyond June 30, 2025 only upon the mutual written agreement of the parties.

4.143 Certification, Registration, or Licensure Bonus

If the Hospital requires a job classification to have a certification, registration, or licensure which requires a course of study and/or successful completion of an examination, the Hospital will pay an incumbent employee a one-time one-thousand two-hundred fifty dollar (\$1,250) bonus, less applicable deductions and withholdings, upon receipt of such certification, registration, or licensure.
